

Fyre Spheres with P45 Pan Burner System

Beautiful Fyre Spheres provide a contemporary alternative to traditional gas logs. These 4" and 5" robust spheres are a striking addition to your fireplace. Wonderfully displayed in the new P45 Dual Pan Burner System which creates a dynamic flame pattern enveloping the spheres. Color choices include: Epic Black and Graystone. Plus the new Carrera Marble in 4" 4-pack and 24" size set.

KEY FEATURES:

- Available color options: Epic Black, Graystone and the new Carrera Marble limited series (shown above)
- Choice of control options:
 - Variable flame height remote control with standing pilot (-17)†
 - Manual valve with variable flame and standing pilot (A)†
 - Match lit (natural gas only)
- Three sizes of burner systems (18, 24 & 30) to fit most wood-burning fireplaces
- Available for use with Natural Gas or Propane

24" P45 Burner with Manual Valve & Standing Pilot (P45-24-17)

†For Propane gas add "P" to the model number (i.e. P45-24P)

Burner Model	Minimum Fireplace Size				BTU Rating		
	Width		Depth	Height	Natural Gas	Propane Gas	
	Front	Rear
